Price List Season of 1915

Fruits and Ornamentals in Trees, Shrubs, Vines,
Bulbs, Roses, Perennials, Tree Seeds, Etc.

We Want You to Have Our Descriptive Catalog

If it is not at hand a Postal request will bring a new one. It has 48 pages and covers—all full of honest descriptions and useful information. It is worth keeping whether you expect to buy stock or not. The Principle of Spraying is described briefly, also our methods of propagating stock and doing business, besides much useful information on planting and cultural methods. IF NOT AT HAND, SEND FOR IT—IT IS FREE—and we want you to have a copy for reference.

LOCATION.

We are on the C. & A. R. R., Jacksonville branch, 23 miles west of Bloomington, 25 miles southeast of Peoria. Office and packing grounds $2\frac{1}{2}$ miles from Mindale on the I. T. S. (electric). Large shipments are delivered there. Small shipments that are in no hurry to start, can go there, as we do not deliver there every day. It costs us 75c to \$1 for each trip there. It will be seen that we cannot make special trips there to send small shipments.

We have NATIONAL EXPRESS, which is a part of the American Express lines. Express rates are materially lower since Feb. 1st. It is now often cheaper to send small and medium packages by express than by freight.

RESPONSIBILITY.

We refer you to any business house in Hopedale as to our responsibility and reliability, also Bradstreets' Commercial Agency, Peoria, Ill.

TERMS.

CASH, unless otherwise arranged. We will send C. O. D. if desired, but it is a useless expense to customers. It costs 25c to return money. If you want credit give reference long enough ahead to allow us to look you up that there will be no delay.

Ten of a sort and grade at 10 RATES, 50 at 100 RATES excepting seedlings and such items as are packed in 100 bundles, 500 at 1000 RATES.

All Goods Travel at Purchaser's Risk and Expense, unless otherwise arranged. We will help you get claims through if stock is ruined en route.

Packing is Free. At prices named all stock is packed and delivered to carriers without additional charges. Large trees are expensive to pack. If you are located near the Nursery and can come with wagon to get large trees we can sell them for less, as packing will not be necessary.

Please State How We Shall Ship. In absence of shipping instructions we will use our best judgement, but will assume no responsibility.

WE WANT AND INSIST on our customers getting good stock, well packed and in prime condition when delivered to carriers, and there our responsibility ceases. **IF ANY ITEM IS NOT O. K. WHEN RECEIVED**, please notify us at once that it may be adjusted. We cannot entertain claims made months after the stock is received. Too many things may happen to it. **NOTIFY US AT ONCE, PLEASE.**

PLANTS BY MAIL.

We can mail any lot that does not exceed 72 inches in combined length and girth and not over 20 pounds in weight. Your Postmaster can give rates. In remitting postage, be sure to allow for the weight of packing.

In some cases this is greater than weight of the goods. If too much is sent, it will, be returned.

 Large Evergreens are much surer of growth if dug with ball of earth on roots, burlapped to hold it in place. It is planted with burlap on it, as burlap will soon rot and not disturb its growth. We do this at cost. Price varies according to size, sort and amount to be burlapped at same time. It ranges from a few cents per tree, to \$1.00 and up for very large trees. We will be glad to give you close estimate of cost for burlapping on any lot you may be interested in. Price on Blue Spruce includes balling and burlapping roots.

SEEDLING EVERGREENS.

These we have collected out of the forest. Most of them come from Northern Michigan. They do not get here till early May. We offer these for planting hedges or windbrakes as follows: White Pine, American Arbor Vitae (White Cedar), Hemlock Spruce, Balsam Fir. Prices are F. O. B. Hopedale, Ill.

TREE WRAPPERS.

If you want the best protection for young trees against rabbits, use our Wood Veneer Tree Wrappers. They are made of Yellow Poplar, 1/20-in. thick, 10 x 20-in., and roll about the tree, held in position by a wire. Cut edge of wrapper to receive wire: 15c per dozen; \$1.00 per 100; \$6.50 per 1,000.

Landscape Work.

We have had some experience in this. We will be glad to advise you regarding your planting. It is not always possible for our J. W. Griesemer to call on you, especially during and just preceding the packing season. At other times his experience is at your service. If more competent service is required, we can supply it. Our charges for this work is nominal. Do not plant "haphazard." Have a definite plan and system. It pays big returns.

Tree Surgery.

Saving trees, modifying forms, or curing diseases of them is not always as difficult as one imagines. We can advise you what to do, or if conveniently near here, we can do it for you.

Christmas Trees.

Our trees are cut in Northern Michigan by our own special collector. We get out from one to three cars of these each season. Can supply single trees or car lots. If many of them are wanted or large size, get orders to us early. Cutting is done in late October and early November. Orders booked before that date can be secured in any size, grade or amount.
